

DEMONSTRATIONS

We offer a wonderful variety of demonstrations during Art In The Pearl. Artists working in many different mediums will show and discuss their techniques, tools, and materials. Most of them are ongoing - continuing throughout each day, every day of the festival.

VISIT OUR EMERGING ARTISTS

Art In The Pearl Fine Arts and Crafts Festival is pleased to continue our *Emerging Artists Program*. Open to Oregon and Washington artists, this competitive program helps these promising "new" artists with minimal show experience to plan, design, and build an exhibit of their work. We also pair each artist with a mentor who helps guide them through the process of booth preparation and on-site operation. This year our jury selected two artists: **Anna Marie Cooper**, *Ceramics*, and **Christina Romero**, *2D Mixed Media*.

Visit booth 31 to view the works of these promising new artists.

ARTS EDUCATION

The Hands On Art area provides interactive programs for children and adults under the guidance of experienced artists and art educators. Our 2013 non-profit partner Youth Expression Project offers ongoing activities in visual and performing arts.
